

The SuctionBlu™

PATENTED

The next generation in OR fluid management, with improved performance, comfort and value.

Very lightweight and slightly smaller in size than The EcoSuctioner®, The SuctionBlu™ is Flagship's newest disposable surgical suction mat. This next generation mat incorporates continuous, powerful and quiet suction capability along with exceptional anti-fatigue properties and our super absorbent UnderMat™. With standing room for two people to enjoy the very generous comfort surface area, The SuctionBlu™ provides continuous, effective suction underfoot and is the future of efficient and cost-effective OR fluid management.

The SuctionBlu™ is ideal for a wide array of specialties, including:

- | | |
|---------------------------------------|--------------------------------|
| • Orthopaedic Sports Medicine Surgery | • Urologic Procedures |
| • Cardiothoracic Surgery | • Plastic Surgery |
| • Trauma Surgery | • Laparoscopic Surgery |
| • Transplant Surgery | • Cystoscopy |
| • General Surgery | • Labor & Delivery/ C-Sections |

Ordering Information

- Catalog Number: USA-XBL (8 mats/case)

- Product Dimensions: 36" x 56" (including UnderMat)

Strong, continuous, quiet suction

The SuctionBlu™ incorporates our proprietary, high-efficiency vacuum system that quietly whisks away all fluids draining from the operative site onto the mat. The SuctionBlu™ easily attaches to any operating room suction source in seconds using standard suction tubing, and will ensure a drier, safer and cleaner surgical experience.

A more efficient and cost-effective fluid management option

The SuctionBlu™ mat minimizes the clutter of expensive and inefficient washable laundry on the OR floor to absorb fluids, resulting in a substantial cost savings in your surgical facility. Less mess on the floor also means quicker clean-up times between surgeries. As OR personnel continuously search for ways to streamline surgical turnover times and increase productivity, The SuctionBlu™ provides those benefits plus incredible comfort.

Same exceptional comfort you have come to trust from Flagship Surgical

Just like our other Matting offerings, The SuctionBlu™ incorporates our revolutionary anti-fatigue properties that helps reduce the strain, stress and discomfort of standing during surgical procedures.

- A necessity for the fluid-intense surgical environment
- Quiet suctioning
- Super lightweight
- Non-slip
